# Find out more about us... Timber Specialists

We offer a wide range of Timber, Sheet Materials & Joinery Products for your project needs. As well as supplying all of your day to day products, we can also provide all of your specialist Timber, Sheet & Joinery requirements.

All of our 10 branches across the North East and Yorkshire have secured Chain of Custody certification FSC (FSC-C107265) & PEFC.

This means our customers can have peace of mind when purchasing timber products from us, to know that our materials have not been harvested unethically or illegally and that the final product can be traced back to a sustainable source.

## Find out more about us...

# Key products

Below are some of our key product groups. With a wide range, we're sure to be able to source you materials for your next project.

## Construction Timbers

We can supply a wide range of structural timbers including:
